Stellar Compact PST

Installation Guide

Version 6.0

Overview

Stellar Compact PST helps in compressing PST and OST file. The software allows the users to automatically manage incoming and outgoing mail attachments. **Stellar Compact PST** gives various options to manage mail attachments. By help of **Stellar Compact PST**, user can replace the extracted attachments with a shortcut in the mails, compress the attachment in the mail itself, or extract and compress the attachments to a separate folder. Extracted attachments can also be restored in the mails by help of the software. Moreover, you can schedule the application to run at a preset time of week day(s). The software adds itself to MS Outlook application tool bar for quick launch.

The software allows users to select specific attachment extraction and compaction method.

What's new in this version?

- Support for Windows 10
- Support for MS Outlook 2013, 2016

Key Features

- Compacts .PST and .OST files.
- Extract attachments and replace it with shortcut link to extract attachment file.
- Stellar Compact PST is installed as Add Ins application in MS Outlook.
- Compacts incoming and outgoing e-mails.
- No need to close MS Outlook during compaction process.
- Extracts and compresses attachments.
- Extract attachments and save it to separate location.
- Can be used with both Microsoft Exchange server and POP3 Internet mail.

Installation Procedure

Before installing the software, check that your system meets the minimum system requirements:

Minimum System Requirements

- Processor: Pentium Class

- RAM: 1 GB

- Operating System: Windows 10 / 8.1 / 8 / 7 / XP

- Hard Disk: 100 MB of free space

- MS Outlook: 2016, 2013, 2010, 2007, 2003

Note: To make use of full functionality of **Stellar Compact PST**, it is advisable to run **MS Outlook** as Administrator.

To install the software, follow these steps,

- Double-click 'StellarCompactPST.exe' executable file to start installation. 'Setup - Stellar Compact PST' dialog box is displayed.

- Click 'Next' button. 'License Agreement' dialog box is displayed.

- Choose 'I accept the agreement' option. 'Next' button will be enabled. Click 'Next' button.

- 'Select Destination Location' dialog box is displayed.

- Click 'Browse' button to select the destination path where the setup files will be stored. Click 'Next'.

- 'Select Additional Tasks' dialog box is displayed. Click 'Next'.

- 'Ready to Install' dialog box is displayed.

- Review the entries. Click 'Back' if you want to change them. Click 'Install' to start installation. The Installing screen shows the installation process.

After completing the process, 'Completing the Stellar Compact PST Setup Wizard' window is displayed. Click 'Finish'.

Ordering the Software

Click   http://www.stellarinfo.com/email-repair/compact-pst/compact-pst-tool.php   to   know   more   about **Stellar Compact PST**.

To   purchase   the   software   online,   please   visit   http://www.stellarinfo.com/email-repair/compact-pst/buy-now.php

Once the order is confirmed, a Registration Key will be sent to you through e-mail, which would be required to activate the software.

Registering the Software

The demo version is just for evaluation purpose and must be eventually registered to use the full functionality of the software. The software can be registered using the Registration Key which you will receive via email after purchasing the software.

To register the software:

1. Run demo version of **Stellar Compact PST** software.

2. Click **Register** button. *Register* dialog is displayed as shown below.

3. Choose 'I don't have the registration key' (Use this option if you have not purchased the product) or select 'I have the registration key' (Use this option if you have already purchased the product).

To register the software, when you do not have a registration key, follow the steps given below:

1. In the *Register* dialog, select '**I don't have the registration key**' option. Click **OK**, to go online and purchase the product.

2. Once the order is confirmed, a Registration Key will be sent to the email provided at the time of purchase.

3. In the *Online Registration* dialog, type the **Registration Key** and click **Register** button (Please ensure that you have an active Internet connection).

4. ' *Activation Completed Successfully* ' message is displayed after the process is completed successfully. Click **OK**.

To register the software, when you have a key, follow the steps given below:

1. In the *Register* dialog, select '**I have the registration key**' option.

2. You can choose either 'Online Registration' (Use this option to register the software over Internet) or 'Offline Registration' (Use this option to register the software manually / through e-mail if for any reason, Internet connection is unavailable).

- **Online Registration**

Online Registration is possible only when an active Internet connection is available.

- o **To register the software online**:

  1. From the *Register* dialog, select **Online Registration**. Click **OK**.

  2. An **Online Registration** dialog box will appear.

3. Type the **Registration Key** (received through email after purchasing the product) in the field of Registration Key. Click **Register**.

4. The software would automatically communicate with the license server to verify the entered key. If the key you entered is valid, software will be registered successfully.
Offline Registration

Offline Registration enables you to register the product when your computer does not have an Internet connection.

   o **To register the software offline**:

   1. From the *Register* dialog, select **Offline Registration**. Click **OK**.

   2. An **Offline Registration** dialog will appear displaying **Registration ID** in its respective field.

3. To get your License Key, which is required to register the software manually, you need to mail the listed **Registration ID** to support@stellarinfo.com.

4. A License Key will be sent to your email address after verifying the Registration ID and purchase details by *Stellar Technical Support*.

5. After receiving the License Key, open **Stellar Compact PST**. In *Register* dialog, select '**I have the registration key**'.

6. Select **Offline Registration** and click **OK**.

7. Enter the **License Key** received through email in the field of License Key.

8. Click **Register** to activate the software. A confirmation message is displayed if a valid key is entered. Click **OK**.
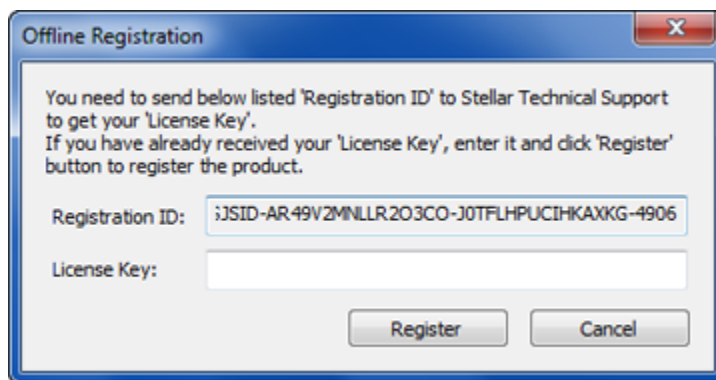

Transfer License

Stellar Compact PST allows you to transfer the license of the registered software to another computer on which you want to run the software with full functionality. This operation deactivates the product on your current computer so it can be reactivated on the new computer.

To transfer a software license from one computer to another, please follow the specific steps below:
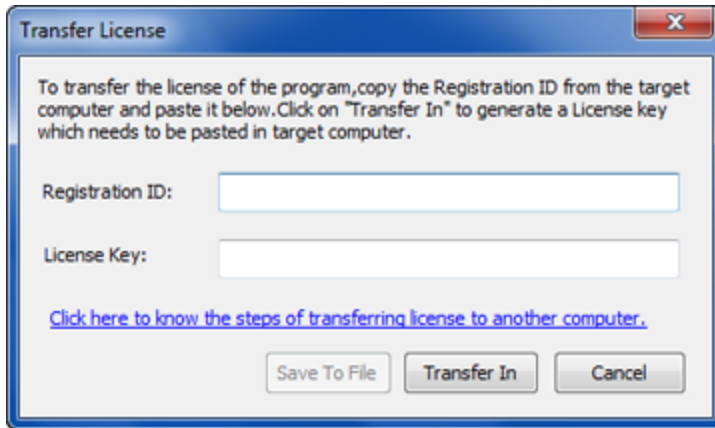

On Target Computer:

1. Run demo version of the software.

2. Click **Register** button. A new dialog appears.

3. From the **Register** dialog, select **Offline Registration**. Click **OK**.

4. An **Offline Registration** dialog box will appear displaying **Registration ID** in its respective field.

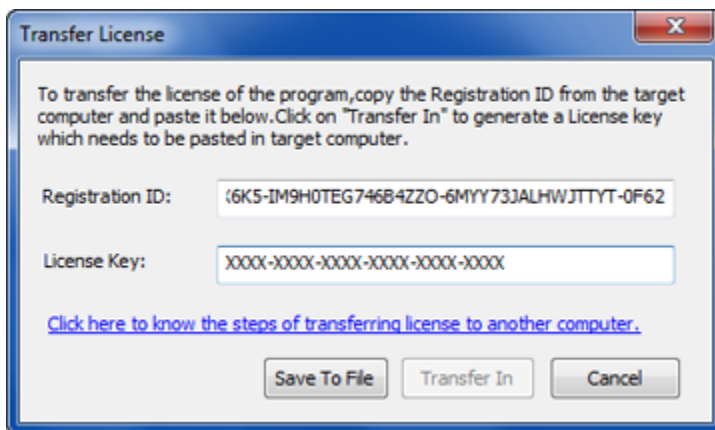

On Source Computer:

1. Run registered version of **Stellar Compact PST** software.

2. Click **Transfer License** button.

3. Copy the **Registration ID** displayed on the Target Computer in the field of Registration ID on the Source Computer.

4. To get your License Key, click **Transfer In** button on Source Computer. This will generate a License Key.

5. You can also save the License Key generated on the source computer. Click **Save To File** button to save the Registration ID and the License Key. In **Save As** dialog box, select the location where you want to save the details. Click **Save**.

6. ' *License Key saved successfully* ' message is displayed after the saving process is completed successfully. Click **OK**.

This will deactivate the product on Source Computer and you will no longer be able to use the software anymore on this computer.

On Target Computer:

1. Type the **License Key** which you have generated on the Source Computer in the provided field of License Key.

2. Click **Register** to complete the activation process.

3. ' *Activation Completed Successfully* ' message is displayed after the process is completed successfully. Click **OK**.
