Ordering the Software

Click https://www.stellarinfo.com/email-tools/mbox-to-pst-converter.php to know more about **Stellar Converter for MBOX - Technician.**

To purchase the software online, please visit https://www.stellarinfo.com/email-tools/mbox-to-pst-converter/buy-now.php

Alternatively, click **Buy Online** button from the **Buy Now** menu to purchase the software online.

Select either of the methods given above to purchase the software.

Once the order is confirmed, an activation key will be sent to you through e-mail, which would be required to activate the software.

Activating the Software

The demo version is for evaluation purpose only. You need to activate the software to use its full functionality. Use the Activation Key received via email after purchasing the software to activate it.

To activate the software

1. Run demo version of **Stellar Converter for MBOX - Technician** software.

2. Click the **Activation** button. **Activation** dialog is displayed as shown below:
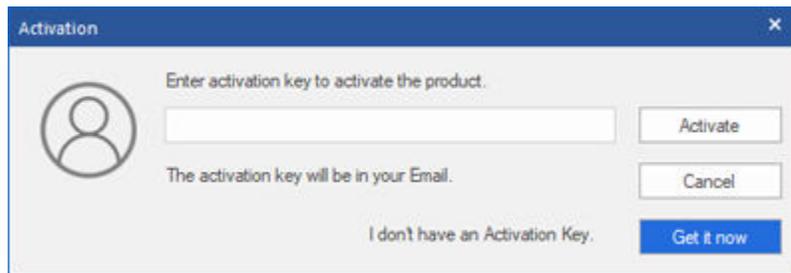

3. If you don't have the activation key, click **Get it now** button in the dialog to purchase the software.

4. Once the order is confirmed, an Activation Key will be sent to the email that you have provided while purchasing the software.

5. Paste or type the Activation Key (received through email after purchasing the product) and click **Activate** button (Please ensure an active Internet connection).
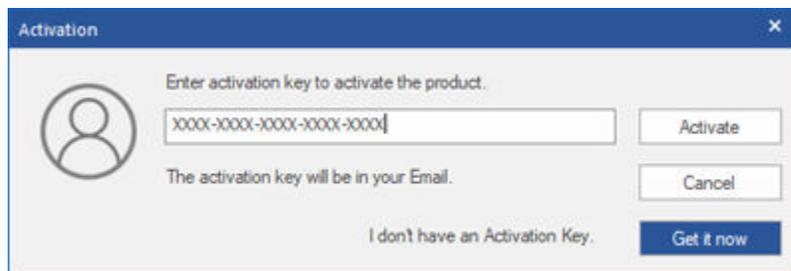

3. **Stellar Converter for MBOX - Technician** automatically communicates with the license server to verify the entered key. If the entered key is valid, activation is completed successfully.

4. '*Activation Complete*' message is displayed. Click **OK**.
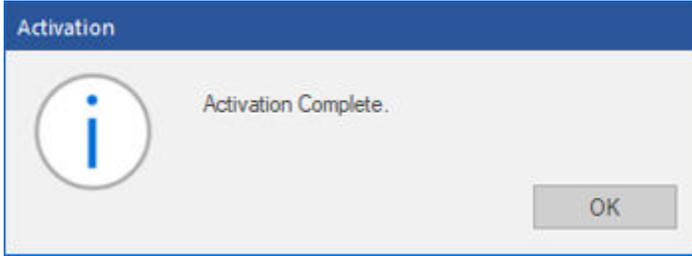

Updating the Software

There are periodical software updates for **Stellar Converter for MBOX - Technician.** Using the update option, you can check for both latest minor and major version available online. You can easily download the minor and major version through the update wizard. While updating the software, it's recommended to close all the running programs.

To start Stellar Converter for MBOX - Technician Update Wizard:

1. Run **Stellar Converter for MBOX - Technician** software.

2. Select **Update Wizard** from **Tools** Menu.

4. **Update** window pops up.

5. The wizard will start searching for the latest updates and if it finds any new version, a window will pop up indicating the availability an update.

6. Click **Next** and the software will start downloading update files from the server. When the process is complete, the software will update to the latest version.

Live Update may not happen due to following reasons:

-   Internet connection failure

-   Unable to download configuration files

-   Unable to locate updated files or version

-   Unable to locate executable file
