

Stellar Converter for OLM - Technician

Installation Guide for Version 4.0

Legal Notices | About Stellar | Contact Us

1. Overview

Stellar Converter for OLM - Technician converts **Outlook for Mac Data file (OLM 2011, 2016, and 2019)** to **Microsoft Outlook data file (PST)**. The application scans and converts the selected OLM file to a PST file. After scanning, the software shows preview of mails, calendar, contacts, tasks, and notes.

Key features:

- New and enhanced GUI.
- Converts Outlook for Mac Data file (OLM 2011, 2016, and 2019) to Microsoft Outlook data file (PST).
- Supports Microsoft Outlook 2019, 2016, 2013, 2010, 2007, 2003.
- Find feature to search for OLM files on your computer.
- Selective conversion of user mailboxes to PST file(s).
- Provides preview of mails, calendar, contacts, tasks, and notes.
- Option to save converted OLM files in PST, MSG, EML, RTF, PDF, Office 365, or HTML format.
- Filter the scanned results before saving.
- Option to view and save Log Report to analyze the conversion process.

2.1. Installing the Software

Before beginning the installation procedure, make sure that the computer meets the minimum system requirements.

Minimum System Requirements

- Processor : Pentium Class (1 Ghz or faster)
- Operating system : Windows 10 / Windows 8.1 / Windows 8 / Windows 7 / Windows Vista
- MS Outlook : 2019 / 2016 / 2013 / 2010 / 2007 / 2003
- Hard Disk : 250 MB of free disk space
- **RAM**: 2 GB minimum (4 GB recommended)

To install the software, follow the steps:

- 1. Double-click StellarConverterforOLM-Technician.exe. Setup dialog box is displayed.
- 2. Click Next to continue. License Agreement dialog box is displayed.
- 3. Select I accept the Agreement option. Click Next.
- 4. Specify the location where the installation files are to be stored. Click Next.
- Select the folder where the files are to be stored. A default folder is suggested in the box. Click Browse to select a different location. Click Next.
- 6. In the Select Additional Tasks dialog box, select check boxes as per your choice. Click Next.
- 7. Review your selections. Click **Back** if you want to make any change. Click **Install** to start installation. The Installing window shows the installation process.
- After completion of the process, Completing the Stellar Converter for OLM Technician Setup
 Wizard window opens. Click Finish.

Note: Clear Launch Stellar Converter for OLM - Technician check box to prevent the software from launching automatically.

2.2. Launching the Software

2.4. Ordering the Software

Order Stellar Converter for OLM - Technician

Click https://www.stellarinfo.com/email-tools/olm-to-pst-converter.php to know more about Stellar

Converter for OLM - Technician.

The software can be purchased online. For price details and to place an order,

https://www.stellarinfo.com/email-tools/olm-to-pst-converter/buy-now.php

Once the order is confirmed, a pre-paid activation key will be sent through e-mail, which would be

required to activate the software.

2.5. Activating the Software

The demo version is for evaluation purpose only. You need to activate the software to use it's full functionality. Use the Activation Key received via email after purchasing the software to activate it.

To activate the software:

- 1. Run Stellar Converter for OLM Technician.
- 2. Click the Activation button. Activation window is displayed as shown below:

Activation			×
\bigcirc	Enter activation key to activate the product.		
(8)		Activate	
	The activation key will be in your Email.	Cancel	
	I don't have an Activation Key.	Get it now	

- 3. If you don't have the activation key, click **Get it now** button in the window to purchase the software.
- 4. Once the order is confirmed, an Activation Key is sent to the e-mail that you have provided while purchasing the software.
- Paste or type the Activation Key (received through e-mail after purchasing the product) and click
 Activate button (Please ensure an active Internet connection).

Activation			×
8	Enter activation key to activate the product. xxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx	Activate Cancel Get it now	

- Stellar Converter for OLM Technician automatically communicates with the license server to verify the entered key. If the entered key is valid, activation is completed successfully.
- 7. 'Activation Completed Successfully' message is displayed. Click OK.

2.6. Updating the Software

Stellar releases periodical software updates for **Stellar Converter for OLM - Technician** software. You can update the software to keep it up-to-date. These updates can add a new functionality, feature, service, or any other information that can improve the software. Update option of the application is capable of checking for latest updates. This will check for both latest minor and major versions available online. You can easily download minor and major version from the update wizard. While updating the software, it's recommended to close all the running programs.

To update Stellar Converter for OLM - Technician:

- 1. Click Update Wizard icon on the toolbar.
- 2. **Update** window opens. The wizard will search for latest updates, and if it finds any new updates, a window will pop up indicating its availability.
- 3. Click **Next** and the software will download the files from the update server. When the process is complete, the software will upgrade to the latest version.

Live Update may not happen due to following reasons:

- Internet connection failure
- Updates are not available
- Unable to download configuration files
- Unable to locate updated files or version
- Unable to locate executable file
