

Stellar Converter for OLM - Technician

User Guide for Version 4.0

[Legal Notices](#) | [About Stellar](#) | [Contact Us](#)

1. Overview

Stellar Converter for OLM - Technician converts **Outlook for Mac Data file (OLM 2011, 2016, and 2019)** to **Microsoft Outlook data file (PST)**. The application scans and converts the selected OLM file to a PST file. After scanning, the software shows preview of mails, calendar, contacts, tasks, and notes.

Key features:

- New and enhanced GUI.
- Converts **Outlook for Mac Data file (OLM 2011, 2016, and 2019)** to **Microsoft Outlook data file (PST)**.
- Supports Microsoft Outlook 2019, 2016, 2013, 2010, 2007, 2003.
- Find feature to search for OLM files on your computer.
- Selective conversion of user mailboxes to PST file(s).
- Provides preview of mails, calendar, contacts, tasks, and notes.
- Option to save converted OLM files in PST, MSG, EML, RTF, PDF, Office 365, or HTML format.
- Filter the scanned results before saving.
- Option to view and save Log Report to analyze the conversion process.

2.1. Installing the Software

Before beginning the installation procedure, make sure that the computer meets the minimum system requirements.

Minimum System Requirements

- **Processor** : Pentium Class (1 Ghz or faster)
- **Operating system** : Windows 10 / Windows 8.1 / Windows 8 / Windows 7 / Windows Vista
- **MS Outlook** : 2019 / 2016 / 2013 / 2010 / 2007 / 2003
- **Hard Disk** : 250 MB of free disk space
- **RAM** : 2 GB minimum (4 GB recommended)

To install the software, follow the steps:

1. Double-click **StellarConverterforOLM-Technician.exe**. **Setup** dialog box is displayed.
2. Click **Next** to continue. **License Agreement** dialog box is displayed.
3. Select **I accept the Agreement** option. Click **Next**.
4. Specify the location where the installation files are to be stored. Click **Next**.
5. Select the folder where the files are to be stored. A default folder is suggested in the box. Click **Browse** to select a different location. Click **Next**.
6. In the **Select Additional Tasks** dialog box, select check boxes as per your choice. Click **Next**.
7. Review your selections. Click **Back** if you want to make any change. Click **Install** to start installation. The Installing window shows the installation process.
8. After completion of the process, Completing the **Stellar Converter for OLM - Technician Setup Wizard** window opens. Click **Finish**.

Note: Clear Launch **Stellar Converter for OLM - Technician** check box to prevent the software from launching automatically.

2.2. Launching the Software

2.4. Ordering the Software

Order Stellar Converter for OLM - Technician

Click <https://www.stellarinfo.com/email-tools/olm-to-pst-converter.php> to know more about **Stellar Converter for OLM - Technician**.

The software can be purchased online. For price details and to place an order,

<https://www.stellarinfo.com/email-tools/olm-to-pst-converter/buy-now.php>

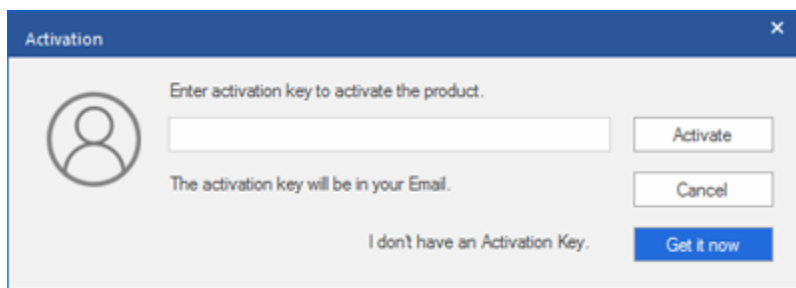

Once the order is confirmed, a pre-paid activation key will be sent through e-mail, which would be required to activate the software.

2.5. Activating the Software

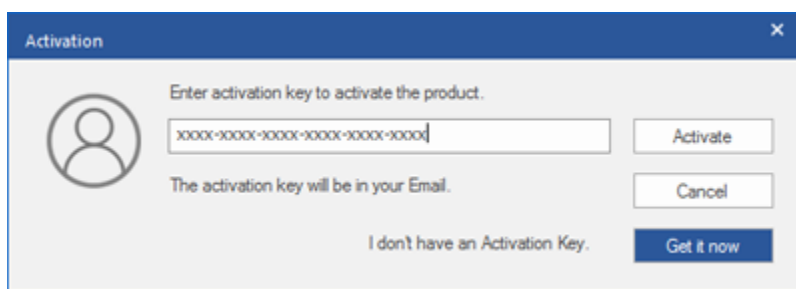

The demo version is for evaluation purpose only. You need to activate the software to use its full functionality. Use the Activation Key received via email after purchasing the software to activate it.

To activate the software:

1. Run **Stellar Converter for OLM - Technician**.
2. Click the **Activation** button. Activation window is displayed as shown below:

3. If you don't have the activation key, click **Get it now** button in the window to purchase the software.
4. Once the order is confirmed, an Activation Key is sent to the e-mail that you have provided while purchasing the software.
5. Paste or type the **Activation Key** (received through e-mail after purchasing the product) and click **Activate** button (**Please ensure an active Internet connection**).

6. **Stellar Converter for OLM - Technician** automatically communicates with the license server to verify the entered key. If the entered key is valid, activation is completed successfully.
7. **'Activation Completed Successfully'** message is displayed. Click **OK**.

2.6. Updating the Software

Stellar releases periodical software updates for **Stellar Converter for OLM - Technician** software. You can update the software to keep it up-to-date. These updates can add a new functionality, feature, service, or any other information that can improve the software. Update option of the application is capable of checking for latest updates. This will check for both latest minor and major versions available online. You can easily download minor and major version from the update wizard. While updating the software, it's recommended to close all the running programs.

To update Stellar Converter for OLM - Technician:

1. Click **Update Wizard** icon on the toolbar.
2. **Update** window opens. The wizard will search for latest updates, and if it finds any new updates, a window will pop up indicating its availability.
3. Click **Next** and the software will download the files from the update server. When the process is complete, the software will upgrade to the latest version.

Live Update may not happen due to following reasons:

- Internet connection failure
- Updates are not available
- Unable to download configuration files
- Unable to locate updated files or version
- Unable to locate executable file

2.7. Stellar Support

Our **Technical Support** professionals will give solutions for all your queries related to **Stellar** products.

- You can either call us or go online to our support section at <http://www.stellarinfo.com/support/>
- For price details and to place the order, click <https://www.stellarinfo.com/email-tools/olm-to-pst-converter/buy-now.php>
- Chat Live with an Online technician at <https://www.stellarinfo.com/>
- Search in our extensive Knowledgebase at <http://www.stellarinfo.com/support/kb/>
- Submit enquiry at <https://www.stellarinfo.com/support/enquiry.php>
- E-mail to Stellar Support at support@stellarinfo.com

3.1. Select OLM Mailbox

To select an OLM Mailbox:

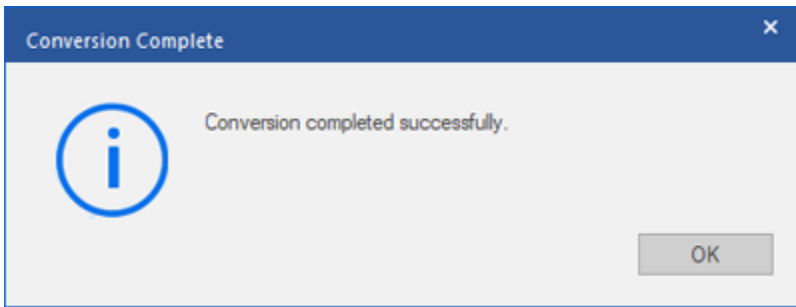

- Launch **Stellar Converter for OLM - Technician**.
- **Select OLM File** dialog box opens as shown below:

- Click **Browse** to select the file from the desired location.
- Selected file is displayed in **Select OLM File** dialog box.
- Click **Convert** button to start the conversion process.
- A dialog box is displayed showing the progress of the scanning process; you can click **Stop** button in the dialog box to stop the file scanning process.

- **'Conversion completed successfully'** message is displayed. Click **OK**.

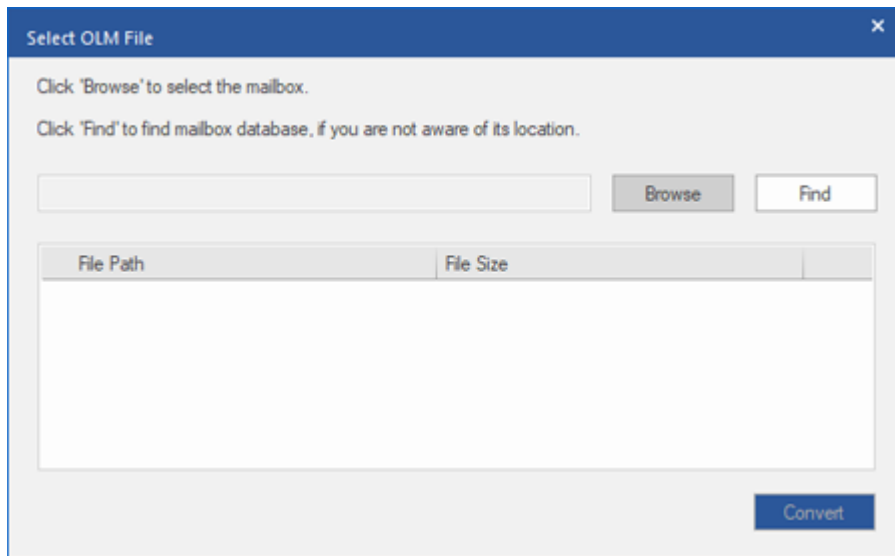

3.2. Find OLM Mailbox

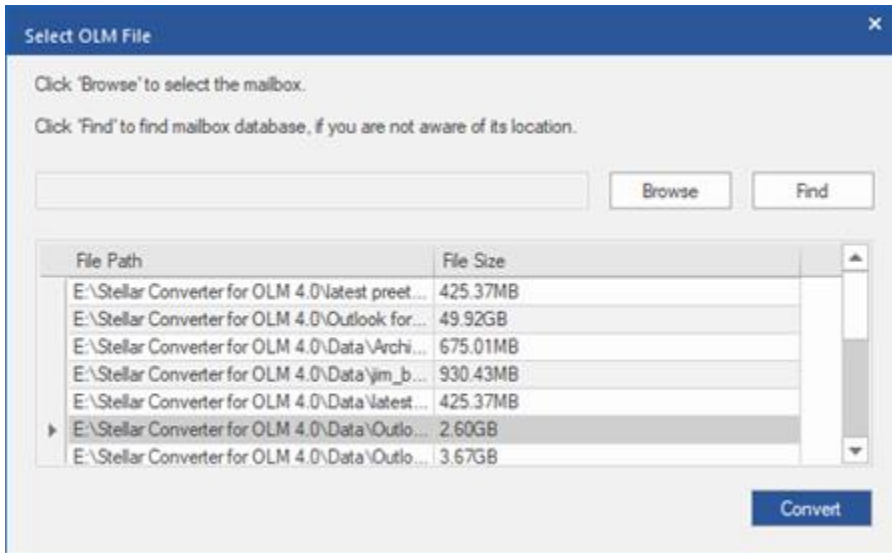

You can search for an OLM mailbox using **Find** in **Select OLM File** dialog box. You can search for files in drives, folders and sub folders. However, you can select only one drive at a time to search for files.

To search for an OLM Mailbox:

- Launch **Stellar Converter for OLM - Technician**.
- **Select OLM File** dialog box opens as shown below:

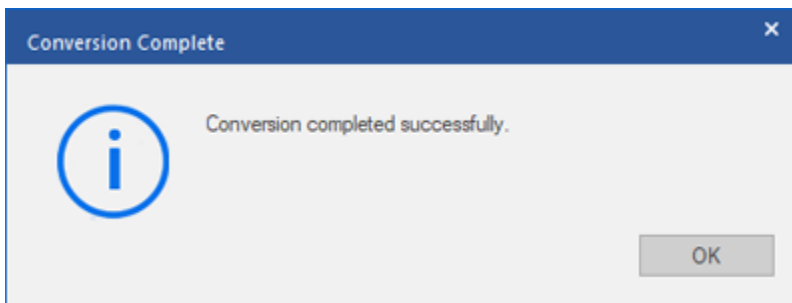

- Click on **Find** button. **Browse for Folder** dialog box appears.
- In **Browse for Folder** dialog box, select the drive or folder you want to search for OLM files. Click **OK**.
- After the search gets finished, a list of OLM files found in the selected drive or folder gets displayed on the screen.

- Select the file you want to convert from this list and click the **Convert** button to start the conversion process.
- A dialog box is displayed showing the progress of the scanning process; you can click **Stop** button in the dialog box to stop the file scanning process.

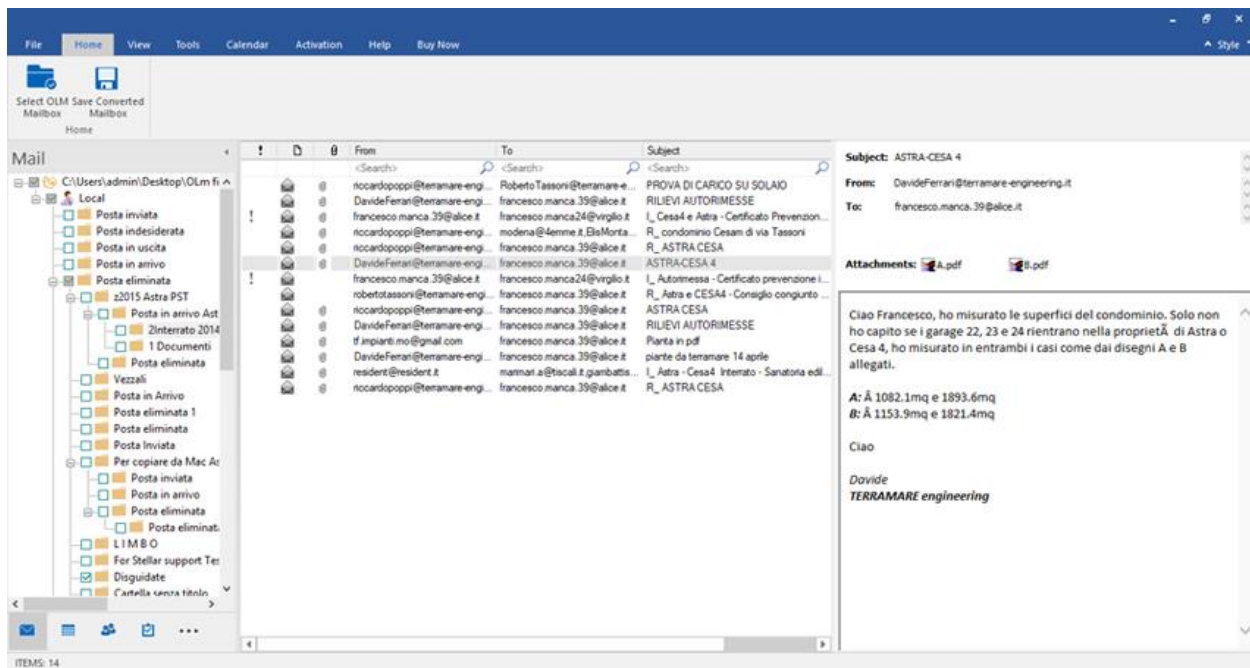

- **'Conversion completed successfully'** message is displayed. Click **OK**.

3.3. Preview of Mails

You can preview the converted mails, calendars, tasks and notes after the OLM file has been successfully converted. Left pane displays selected OLM filename under Root node in a tree like structure. Middle pane displays the list of converted mails. To see content of desired mail, click on it in the middle pane. The content is displayed in the right pane as shown below:

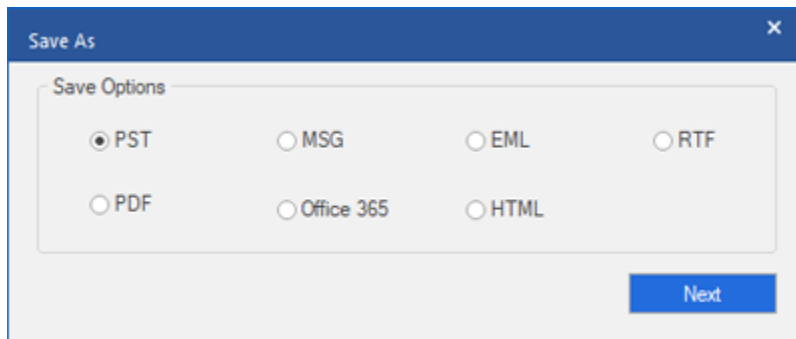

3.4. Save Converted Mailbox

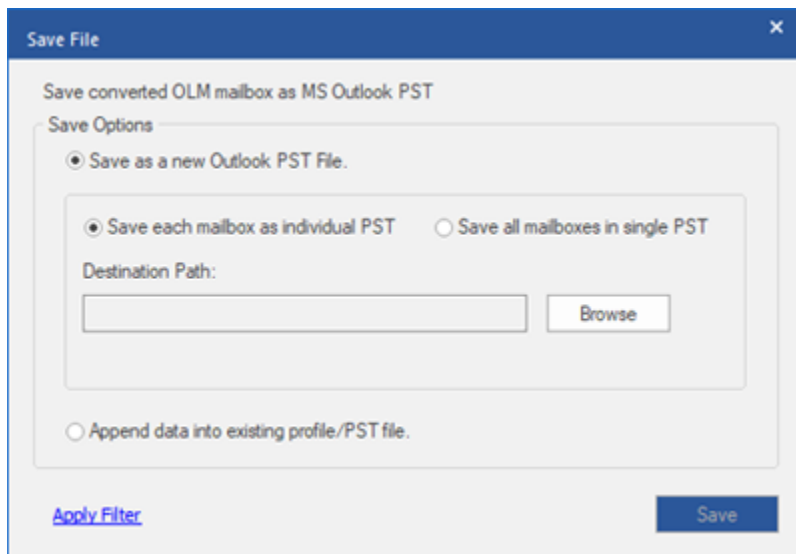

Stellar Converter for OLM - Technician software allows you to save the converted OLM Mailbox in PST, MSG, EML, RTF, PDF, Office 365, and HTML format.

To save converted mailbox as a PST file:

- Click **Save Converted Mailbox** icon either on the **Home Ribbon**, or **File Ribbon**.
- In **Save As** dialog box, select **PST** and click **Next**.

- **Save File** dialog box appears as shown below:

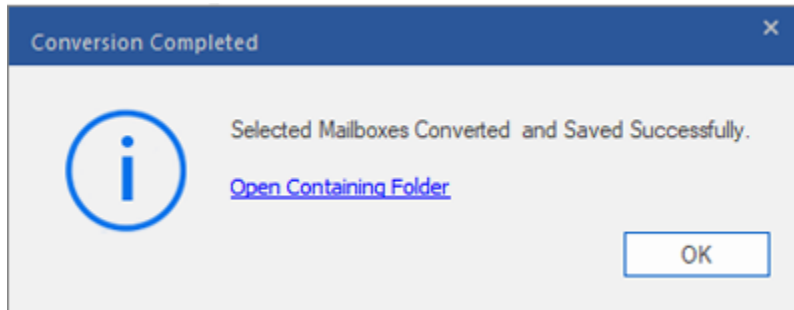

- To save Converted Mailbox as a new PST File:
 - Select **Save as a new Outlook PST File**.
 - If you want to save each converted mailbox as an individual PST file, select **Save each mailbox as individual PST**.

Or,

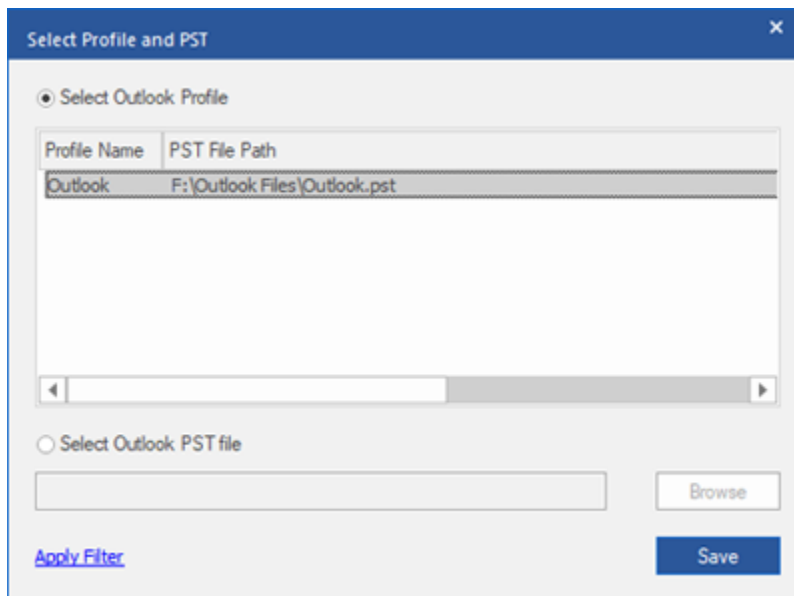

If you want to save all the converted mailboxes in a single PST file, select **Save all mailboxes in single PST**.

- Click **Browse** and select the location where you want to save the PST file. Click **Save**.

Click Apply Filter to filter the scanned results before saving.

- To save converted mails in an existing Outlook profile / PST file:
 - Select **Append data into an existing profile / PST file**. **Select Profile and PST** dialog box opens as shown below:

- To add the converted mails to an existing Outlook profile, choose **Select Outlook Profile** and select one of the profiles that appear in the list.

Or,

To add the converted mails to an existing Outlook PST file, choose **Select Outlook PST file** and then click **Browse** to select the PST File.

- Click **Save** to save the converted mailbox into the selected Outlook Profile / Outlook PST file.

Click Apply Filter to filter the scanned results before saving.

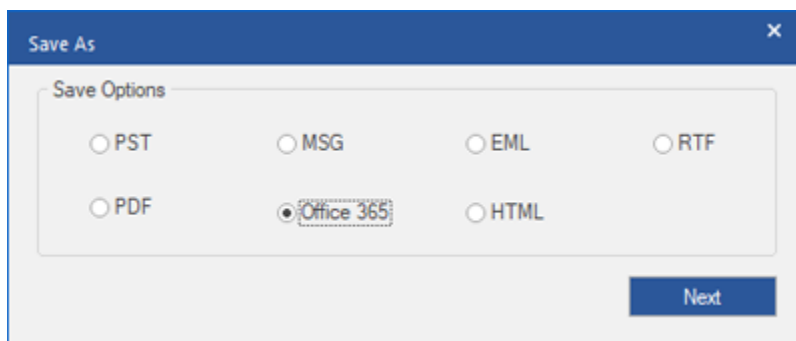

To save converted mails to MSG or EML or RTF or PDF or HTML format:

- Click **Save Converted Mailbox** icon either on the **Home Ribbon**, or **File Ribbon**.
- In **Save As** dialog box, select either **MSG** or **EML** or **RTF** or **PDF** or **HTML** and click **Next**.
- In **Select Destination** dialog box, click **Browse** and select the location where you want to save the converted file. Click **Save**.

Click Apply Filter to filter the scanned results before saving.

To save converted mails to Office 365 format:

- Click **Save Converted Mailbox** icon either on the **Home Ribbon**, or **File Ribbon**.
- In **Save As** dialog box, select **Office 365** and click **Next**. An **Office 365 Details** dialog box opens.

- Enter **Email ID** (where the data is to be exported) and **Password** in **Office 365 Details** dialog box. Click **Save** to continue.

A screenshot of a dialog box titled "Office 365 Details" with a close button (X) in the top right corner. The dialog box has a light gray background and a blue header bar. Below the header, the text "Enter Login Credentials" is displayed. There are two input fields: "Email ID:" with the value "abc123@xyz.com" and "Password:" with a masked password represented by ten black dots. At the bottom left, there is a blue hyperlink labeled "Apply Filter". At the bottom right, there is a blue button labeled "Save".

Office 365 Details

Enter Login Credentials

Email ID: abc123@xyz.com

Password : ●●●●●●●●●●

[Apply Filter](#)

- Saving process starts.

Click Apply Filter to filter the scanned results before saving.

Note:

- *You need to have a Microsoft Office 365 user account for exporting data to Office 365 format.*
- *To save mailbox data in Office 365 format you need to install Office 2019, 2016, 2013 or 2010 with Service Pack 2.*
- *For domain systems, you cannot export offline data to Office 365.*
- *Online mailbox data cannot be exported to Office 365. You can only export your offline mailbox data to Office 365.*

3.5. Import PST file in MS Outlook

To import PST file in Microsoft Outlook 2019:

- Open **Microsoft Outlook**. From **File Ribbon**, select **Open & Export**.
- Select **Import / Export** option from the right pane.

- In **Import a File** dialog box, select **Outlook Data File (.pst)**, click **Next**.
- Click **Browse** to locate the PST file that needs to be imported. In the options box, select an appropriate option. Click **Next**.
- In **Import Outlook Data File** dialog box, select the folders that should be imported in Microsoft Outlook. Click **Finish**.

To import PST file in Microsoft Outlook 2016 / 2013:

- Open **Microsoft Outlook**. From **File Ribbon**, select **Open & Export**.
- Select **Import / Export** option from the right pane.
- From **Import and Export Wizard window**, select **Import from another program or file**, click **Next**.
- In **Import a File** dialog box, select **Outlook Data File (.pst)**, click **Next**.
- Click **Browse** to locate the PST file that needs to be imported. In the options box, select an appropriate option. Click **Next**.
- In **Import Outlook Data File dialog box**, select the folders that should be imported in Microsoft Outlook. Click **Finish**.

To import PST file in Microsoft Outlook 2010:

- Open **Microsoft Outlook**. From **File Ribbon**, select **Open -> Import**.
- From **Import and Export Wizard window**, select **Import from another program or file**, click **Next**.

- In **Import a File dialog box**, select **Outlook Data File (.pst)**, click **Next**.
- Click **Browse** to locate the PST file that needs to be imported. In the options box, select an appropriate option. Click **Next**.
- In **Import Outlook Data File** dialog box, select the folders that should be imported in Microsoft Outlook. Click **Finish**.

To import PST file in Microsoft Outlook 2007 / 2003:

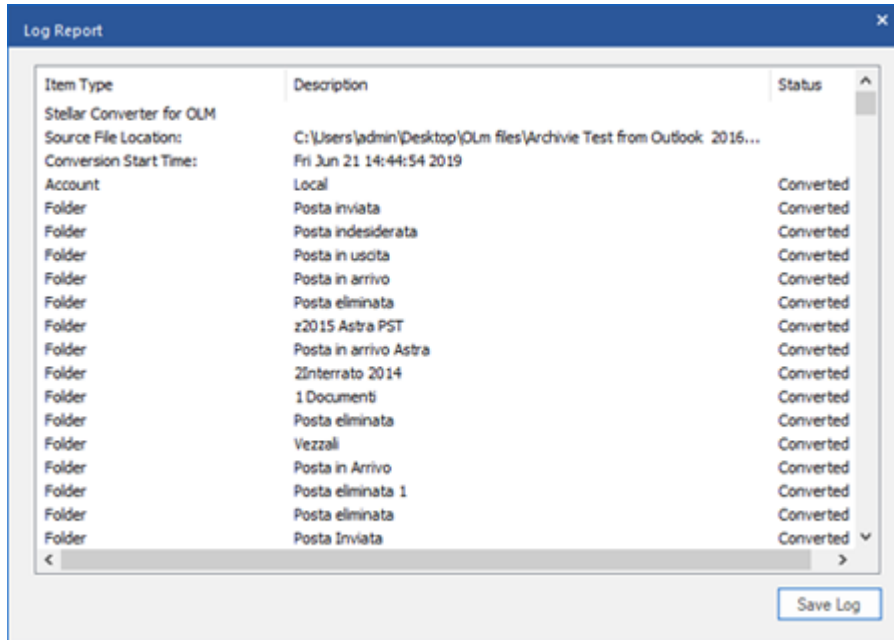

- Open **Microsoft Outlook**. From **File Ribbon**, select **Import** and **Export**.
- From **Import and Export Wizard window**, select **Import from another program or file**, click **Next**.
- In **Import a File dialog box**, select **Personal Folder File (PST)**, click **Next**.
- Click **Browse** to locate the PST file that needs to be imported. In the options box, select an appropriate option. Click **Next**.
- In **Import Personal Folders dialog box**, select the folders that should be imported in Microsoft Outlook. Click **Finish**.

3.6. View and Save Log Report

With **Stellar Converter for OLM - Technician**, you can save the Log Report to analyze the conversion process at a later stage. To view the log report, select **Log Report** from **View Ribbon**.

To save log report:

- From **View Ribbon**, click **Log Report**.

- In **Log Report** window, click **Save Log** button.
- In **Save As** dialog box, specify the destination folder where you want to save the log report. Click **Save**.

4. Frequently Asked Questions (FAQs)

4.1. What does the demo version of the software do?

In demo version of the software, you will be able to see the mail subject and body, but cannot open attachments. To view / save all data and open attachments, you need to purchase and activate the software.

4.2. Can I convert a single mail into PST file?

You can only convert an entire folder in mailbox.

4.3. Can Stellar Converter for OLM - Technician search for an OLM file whose location is unknown to me?

Yes, you can search for OLM files using Find option present in Select OLM File dialog box.

4.4. Can I save converted mails into an existing PST file?

Yes, Stellar Converter for OLM - Technician gives you option to save converted mails into an existing or new PST file.

4.5. Can I convert multiple OLM files simultaneously?

You can only select one OLM file at a time for conversion.

4.6. Can I convert multiple Mailboxes simultaneously?

Yes, but the Mailboxes should be in a single OLM file.

4.7. Can we save process log?

Yes, **Stellar Converter for OLM - Technician** software allows you to save log report of the process.

To save Log Report:

- From **View Ribbon**, select **Log Report**.
- In **Log Report** dialog box, select **Save Log**.
- In **Save As** dialog box, select the location where you want to save the log report. Click **Save**.

4.8. I have an OLM file exceeding 50 GB of size, does the new PST file generated will have same size as that of source OLM file?

For large files, Stellar Converter for OLM splits the new PST file in small sizes. The size of the split files will depend on the version of Outlook installed on your computer:

If you have Outlook 2007 installed, the new PST will be splitted at approximately 18 GB size.

If you have Outlook 2010 or above installed, the new PST will be splitted at approximately 45 GB to

48 GB of size.
