

**Stellar**  
**PST to MBOX**  
**Converter 3.0**  
User Manual

# Overview

**Stellar PST to MBOX Converter** is the right tool, if you are looking at converting mails, contacts, calendars from MS Outlook PST Mailbox to Mail (**MBOX**), Contact (**VCF**) and Calendar (**ICS**) Apps respectively. Using this application, you can convert your MS Outlook mailbox including complete mail body, attachments contacts and calendar items. You can preview converted mail items before saving and importing them in Mail. The software converts your MS Outlook mailbox to Mail mailbox, without making any changes to the folder organization of MS Outlook (PST) mailbox. Additionally you can import contacts and calendars of converted files into Contact and Calendar Apps respectively.

## What's new in this version?

- Provides preview of messages in 3-view format.
- Provides preview of contacts and calendars.

## Key features of Stellar PST to MBOX Converter:

- Converts MS Outlook contacts to **VCF** for Contact App.
- Converts MS Outlook calendars entries to **ICS** for Calendar App.
- Converts Outlook PST Mailbox to Mail (MBOX).
- Converts mailbox while keeping the folder organization intact.
- Ability to search for PST Mailboxes using Find PST option.
- Supports conversion of mailboxes from MS Outlook 2013, 2010, 2007, 2003.
- Converts password protected PST Mailboxes.

# Installation Procedure

Before installing the software, check that your system meets the minimum system requirements:

## Minimum System Requirements:

- **Processor** : Intel Processor
- **Operating System** : Mac OS X 10.6 and above
- **Memory** : 1 GB RAM

**Note:** Mail must be configured to view your converted mailbox in **MBOX** format.

To install the software, follow these steps:

1. Unzip **StellarPSTtoMBOXConverter.dmg.zip** file.
