

Stellar Converter for Windows Live Mail
User Guide for version 3.0

1. Overview

Stellar Converter for Windows Live Mail can be used to safely convert different mailboxes of **Windows Live Mail** to individual PST files that can be imported into MS Outlook. The advanced **Stellar Converter for Windows Live Mail** helps you easily move all mailbox folders to a new or an existing PST file and smoothly migrate from Windows Live Mail to MS Outlook.

Key Features of Stellar Converter for Windows Live Mail:

- Efficiently converts user mailboxes of Windows Live Mail to PST file.
- Facilitates selective conversion of mail folders to PST file.
- Provides preview of mailbox items, such as E-mails, Attachments, Sent Items.
- Supports saving of converted mailbox to a new or an existing PST file.
- Preserves the original formatting of all mails and retains the on-disk folder structure of the mailbox.
- Simple and easy-to-use interface.
- Maintains log of mail to PST conversion process which can be saved and used for future reference.
- Supports Microsoft Office 2019 / 2016 / 2013 / 2010 / 2007 / 2003.
- Compatible with Windows 10 / Windows 8.1 / Windows 8 / Windows 7 / Windows Vista / Windows Server 2012 / Windows Server 2008 / Windows Server 2003.

2.1. Installation Procedure

Before installing the software, check that your system meets the minimum system requirements:

Minimum System Requirements

- **Processor:** Pentium Class
- **Operating System:** Windows 10 / Windows 8.1 / Windows 8 / Windows 7 / Windows Vista / Windows Server 2012 / Windows Server 2008 / Windows Server 2003
- **Memory:** Minimum 2 GB (Recommended 4 GB)
- **Hard Disc:** 250 MB of Free Space
- **MS Outlook:** 2019 / 2016 / 2013 / 2010 / 2007 / 2003

***Note:** For saving Windows Live Mail Identity folder in PST file you need to have MS Outlook installed in your system.*

To install the software, follow these steps:

- Double-click **StellarConverterforWindowsLiveMail.exe** executable file to start installation. **Setup - Stellar Converter for Windows Live Mail** dialog box is displayed.
- Click **Next. License Agreement** dialog box is displayed.
- Choose **I accept the agreement option**. **Next** button will be enabled. Click **Next. Select Destination Location** dialog box is displayed.
- Click **Browse** to select the destination path where the setup files will be stored. Click **Next. Select Start Menu Folder** dialog box is displayed.
- Click **Browse** to provide path for program's shortcuts. Click **Next. Select Additional Tasks** dialog box is displayed.
- Select check boxes as per your choice. Click **Next. Ready to Install** dialog box is displayed.
- Review your selections. Click **Back** if you want to change them. Click **Install** to start installation. The Installing window shows the installation process.
- On completion of the installation process, **Completing the Stellar Converter for Windows Live Mail Setup Wizard** window is displayed. Click **Finish**.

Note: Clear **Launch Stellar Converter for Windows Live Mail** check box to prevent the software from launching automatically.

2.2. Launching the Software

To launch Stellar Converter for Windows Live Mail in Windows 10:

- Click **Start** icon -> **All apps** -> **Stellar Converter for Windows Live Mail** -> **Stellar Converter for Windows Live Mail** Or,
- Double click **Stellar Converter for Windows Live Mail** icon on the desktop. Or,
- Click **Stellar Converter for Windows Live Mail** tile on the home screen.

Click this button to [buy](#) Stellar Converter for Windows Live Mail.

2.4. Ordering the Software

Click <https://www.stellarinfo.com/email-repair/windowsmail-pst-converter.php> to know more about **Stellar**

Converter for Windows Live Mail.

The software can be purchased online. For price details and to place an order,

<https://www.stellarinfo.com/email-repair/windowsmail-pst-converter/buy-now.php>

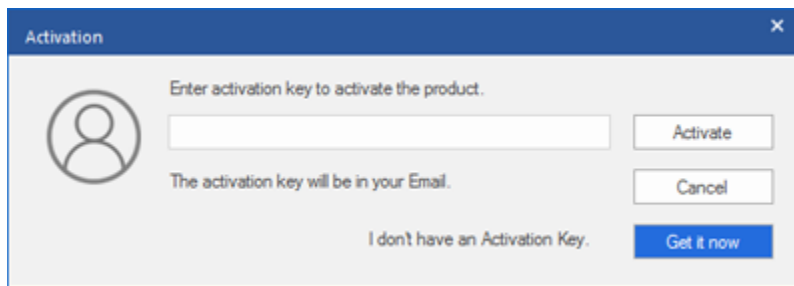

Once the order is confirmed, a pre-paid activation key will be sent through e-mail, which would be required to activate the software.

2.5. Activating the Software

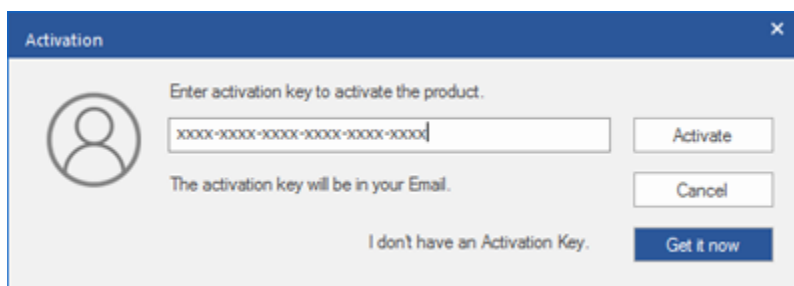

The demo version is for evaluation purpose only. You need to activate the software to use its full functionality. Use the **Activation Key** received via email after purchasing the software to activate it.

To activate the software:

1. Run **Stellar Converter for Windows Live Mail**.
2. Click the **Activation** button. Activation window is displayed as shown below:

3. If you don't have the activation key, click **Get it now** button in the window to purchase the software.
4. Once the order is confirmed, an Activation Key is sent to the e-mail that you have provided while purchasing the software.
5. Paste or type the **Activation Key** (received through e-mail after purchasing the product) and click **Activate** button (**Please ensure an active Internet connection**).

6. **Stellar Converter for Windows Live Mail** automatically communicates with the license server to verify the entered key. If the entered key is valid, activation is completed successfully.
7. **'Activation Completed Successfully'** message is displayed. Click **OK**.

2.6. Updating the Software

Stellar releases periodical software updates for **Stellar Converter for Windows Live Mail** software. You can update the software to keep it up-to-date. These updates can add a new functionality, feature, service, or any other information that can improve the software. You can easily download minor and major version from the update wizard. While updating the software, it's recommended to close all the running programs.

To update Stellar Converter for Windows Live Mail:

1. Click **Update Wizard** button from the **Tools** Ribbon.
2. **Update** window opens. The wizard will search for latest updates, and if it finds any new updates, a window will pop up indicating its availability.
3. Click **Next** and the software will download the files from the update server. When the process is complete, the software will upgrade to the latest version.

Live update may not happen due to following reasons:

- Internet connection failure.
- Updates are not available.
- Unable to download configuration files.
- Unable to locate updated files or version.
- Unable to locate executable file.

2.7. Stellar Support

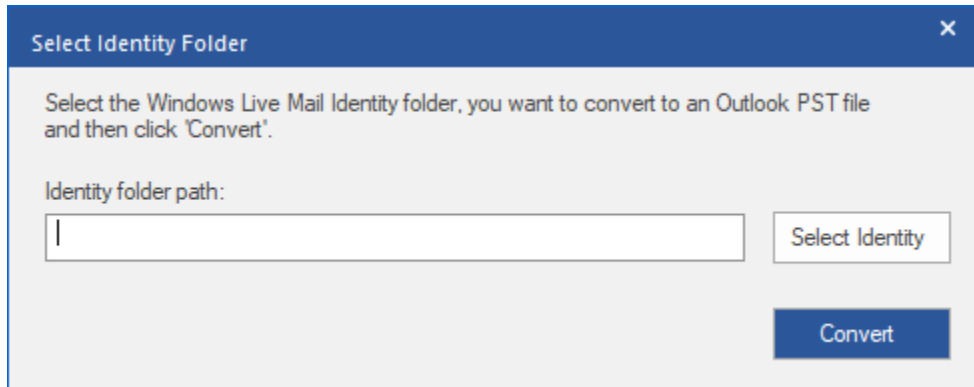

Our **Technical Support** professionals will give solutions for all your queries related to **Stellar** products.

- You can either call us or go online to our support section at <https://www.stellarinfo.com/support/>
- For price details and to place the order, click <https://www.stellarinfo.com/email-repair/windowsmail-pst-converter/buy-now.php>
- Chat Live with an **Online** technician at <https://www.stellarinfo.com>
- Search in our extensive **Knowledge Base** at <https://www.stellarinfo.com/support/kb/>
- Submit enquiry at <https://www.stellarinfo.com/support/enquiry/>
- E-mail to Stellar Support at support@stellarinfo.com

3.1. Select and Scan Identity Folder

To select Windows Live Mail Identity Folder to be converted,

1. Launch **Stellar Converter for Windows Live Mail**.
2. Click **Select Identity** button in **Select Identity folder** dialog box as shown below:

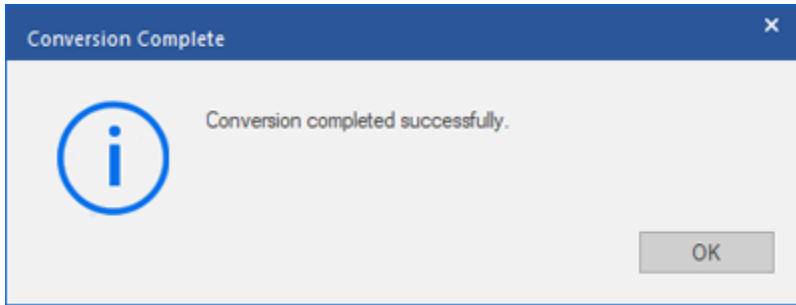

Note: *Select Identity folder* is displayed when you:

- *Launch the application*
 - *Choose **Select Identity** option in **File** menu.*
 - *Click **Select Identity** button from the **Home** ribbon.*
3. In the **Browse for Folder** window, select the desired identity folder and click **OK**.
 4. After selection, you can see the path of selected identity folder under **Identity folder path** field.
 5. Click **Convert** button to start the conversion process.
 6. A dialog box is displayed showing the progress of the conversion process; you can click **Stop** button in the dialog box to stop the file conversion process.

7. **'Conversion completed successfully'** message is displayed. Click **OK**.

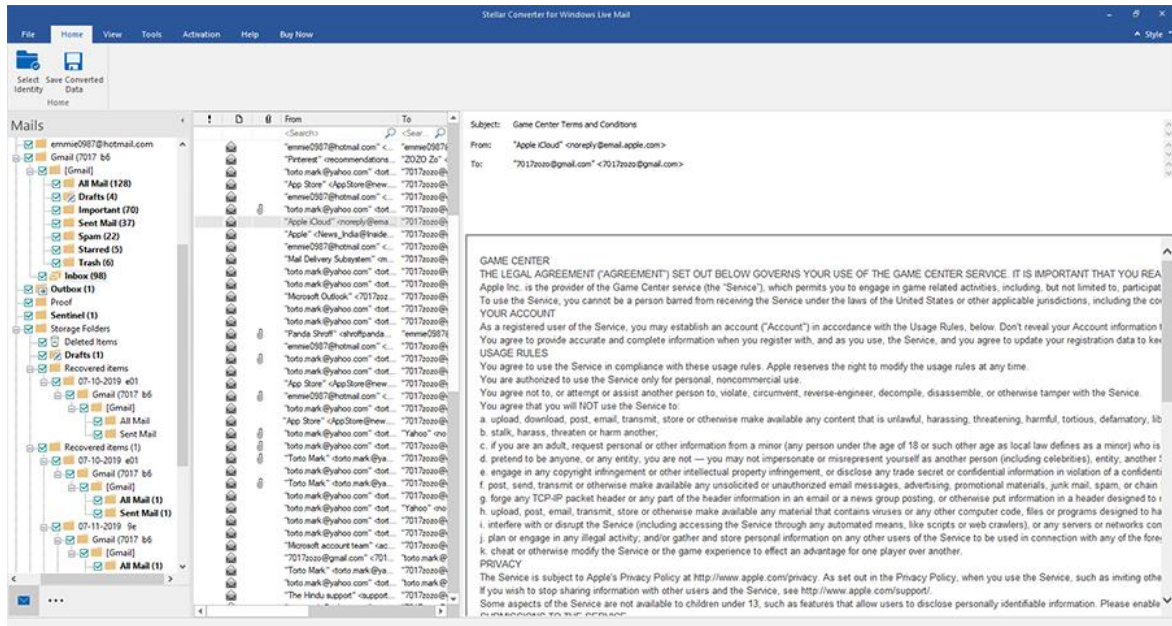

Note: The default location of Identity Folder on Windows 7 / Vista system is - C:\Users\ "User's name" \Appdata\Local\Microsoft\Windows Live Mail\...

3.2. Preview, Sort and Search Mail Items

1. Preview Mail Items:

You can preview the converted mailboxes after the Windows Live Mail Identity folder has been successfully converted. Left pane displays selected identity folder under Root node in a tree like structure. Middle pane displays the list of converted mails. To see content of desired mail, click on it in the middle pane. The content is displayed in the right pane as shown below:

2. Sort Mail Items:

Stellar Converter for Windows Live Mail allows you to arrange the converted mails as per seven pre-defined, standard arrangements that you can choose from. They are available in the middle pane, listing all the converted e-mails / messages.

Once the converted **Identity Folder** appears in the preview pane, click on any one of the following column headers to sort the e-mails as per its ascending order:

COLUMN HEADER NAME	REFERENCE ICON
Importance	
Type	

Attachment	
From	
To	
Subject	
Date	

Note: You can click on the same column header again to change the order of mail to descending order.

3. Search Mail Items:

Stellar Converter for Windows Live Mail allows you to search the converted mails from preview pane itself. To do this:

- Once the converted **Identity Folder** appears in the preview pane, you can enter the search text in the column header **<search>** box  to search for e-mails in a given column. You can enter text in **From, To, Subject, and Date** mail grid column headers only.
- The application will show all the e-mails and messages fulfilling the search criteria.
- To reset the search for a column, click on the close button that appears at the right side of the respective **<search>** box.

!			From	To	Subject	Date
			<Search>	<Search>	<Search>	<Search>
			"Panda Shroff" <shroffpanda...>	"7017zozo@gmail.com" <701...>	Mail 1 (ଅନାମିତ 1) (Amharic)	6/27/2019 2:13 PM
			"Microsoft account team" <ac...>	"7017zozo@gmail.com" <701...>	Verify your email address	6/25/2019 10:03 AM
			"Kik" <no-reply@kik.com>	"7017zozo@gmail.com" <701...>	Welcome to Kik! Confirm your details insi...	4/5/2019 9:53 AM

3.3. Save Converted Mailbox

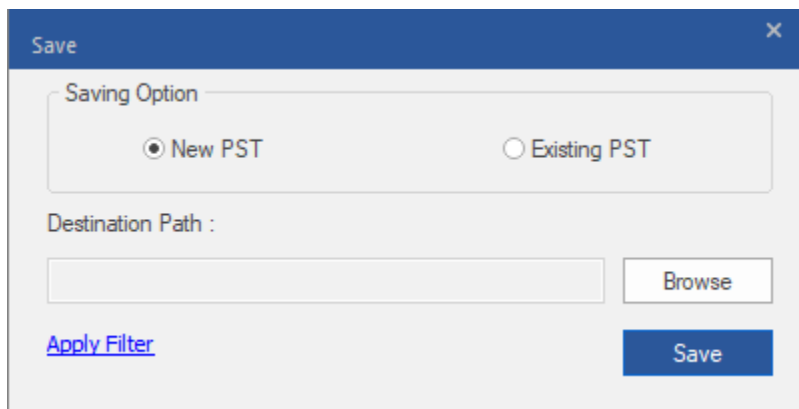

Stellar Converter for Windows Live Mail software allows you to save the converted mailbox in new PST or an existing PST.

To save converted mailbox as a PST file:

- Using the left pane, check/uncheck the mailbox items that you want to save.

Note: By default, all the mailbox items are checked.

- Click **Save Converted Data** button from **Home** ribbon or select **Save Converted Data** option in the **File** menu.
- **Save** dialog box opens as shown below.

- To save converted mails into a new PST file:
 - Select **New PST** and click **Browse**.
 - *Browse For Folder* dialog box opens. Select location for saving PST file and click **OK**.
 - Click **Save**. The converted mails will be saved into a new PST file at the specified location.

Click Apply Filter to filter the results before saving.

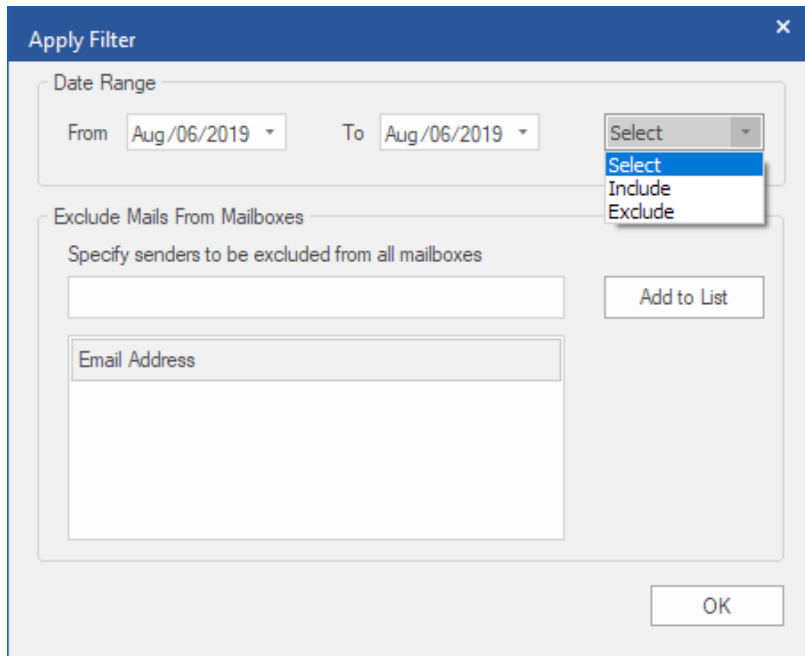

- To save converted mails into an existing PST file:
 - Select **Existing PST** and click **Browse**.
 - **Open** dialog box opens. Select an existing PST file and click **OK**.
 - Click **Save**. The converted mails will be saved into the selected PST file.

Click Apply Filter to filter the results before saving.

Apply Filter

Apply Filter option in the **Save** dialog box enables the user to make the converted results more precise. Choose the option if you want to filter the e-mails to be saved.

Apply Filter dialog box opens:

Stellar Converter for Windows Live Mail provides 2 filter options which can be used individually or combined as per your choice:

1. **Date Range:** This filter allows user to specify a starting and ending date for which the user wants to include / exclude the mails for saving:
 -
 - **Include:** Select **Include** from the drop-down menu to save the mails for the specified range and exclude the rest.
 - **Exclude:** Select **Exclude** from the drop-down menu to exclude the mails for saving for the specified range and include the rest.

Select the **From** and **To** dates from the **Apply Filter** dialog box and click **OK**.

2. **Exclude Mails from Mailboxes:** This filter allows the user to exclude the mails from a list of specified senders. To exclude the mails, enter the complete e-mail address of the sender and click on **Add to List**. You can add multiple e-mail address of the sender using this option. The specified e-mail addresses will be listed in the **Email address** list box. Click **OK**.

3.4. Import PST Files in MS Outlook

To import PST file in Microsoft Outlook 2019 / 2016 / 2013:

- Open **Microsoft Outlook**. From **File** Menu, select **Open & Export**.
- Select **Import / Export** option from the right pane.
- From **Import and Export Wizard** window, select **Import from another program or file**, click **Next**.
- In **Import a File** dialog box, select **Outlook Data File (.pst)**, click **Next**.
- Click **Browse** to locate the PST file that needs to be imported. In the **options** box, select an appropriate option. Click **Next**.
- In **Import Outlook Data File** dialog box, select the folders that should be imported in Microsoft Outlook. Click **Finish**.

To import PST file in Microsoft Outlook 2010:

- Open **Microsoft Outlook**. From **File** Menu, select **Open -> Import**.
- From **Import and Export Wizard** window, select **Import from another program or file**, click **Next**.
- In **Import a File** dialog box, select **Outlook Data File (.pst)**, click **Next**.
- Click **Browse** to locate the PST file that needs to be imported. In the **options** box, select an appropriate option. Click **Next**.
- In **Import Outlook Data File** dialog box, select the folders that should be imported in **Microsoft Outlook**. Click **Finish**.

To import PST file in Microsoft Outlook 2007 / 2003:

- Open **Microsoft Outlook**. From **File** menu, select **Import and Export**.
- From **Import and Export Wizard** window, select **Import from another program or file**, click **Next**.

- In **Import a File** dialog box, select **Personal Folder File (PST)**, click **Next**.
- Click **Browse** to locate the PST file that needs to be imported. In the **options** box, select an appropriate option. Click **Next**.
- In **Import Personal Folders** dialog box, select the folders that should be imported in **Microsoft Outlook**. Click **Finish**.

3.5. View and save Log Report

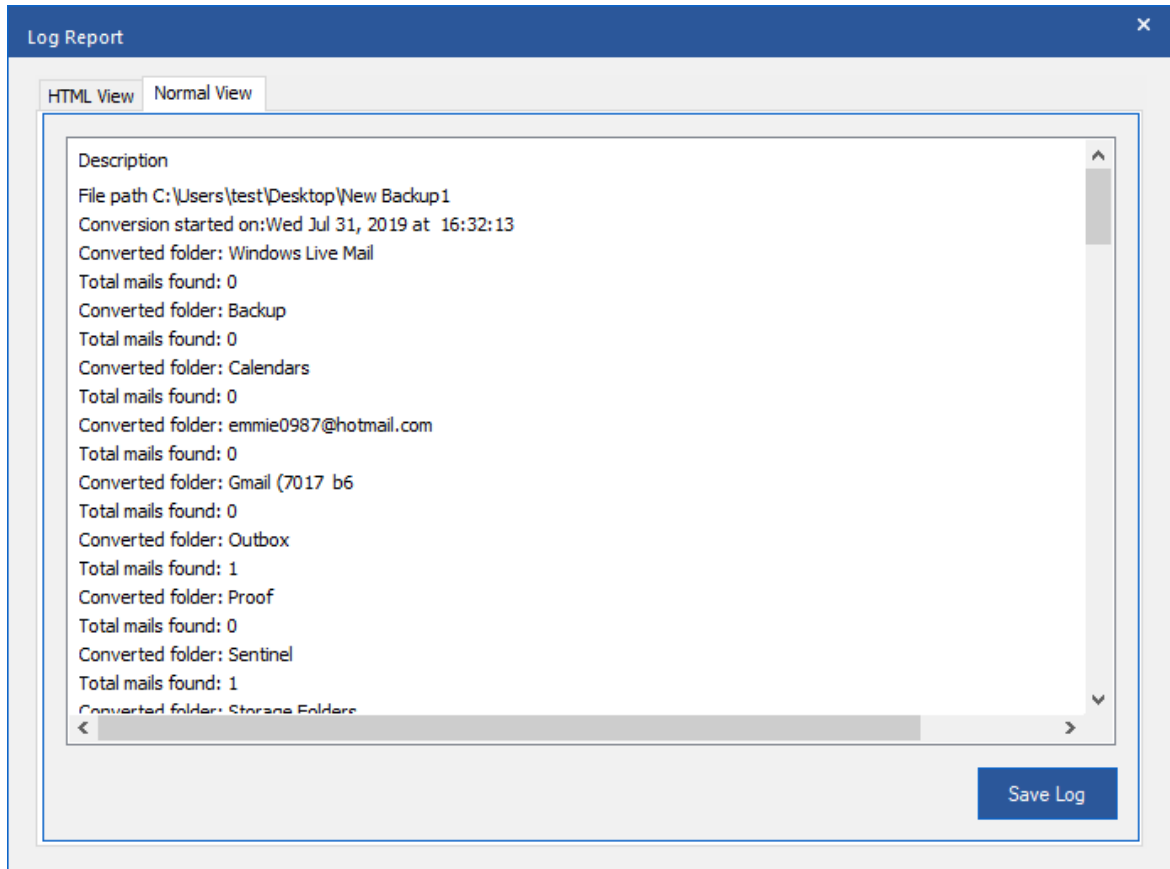

With **Stellar Converter for Windows Live Mail**, you can view and save **Log Report** to analyze conversion process at a later stage. The software provides Log Report in two different views:

1. **HTML view**- This view displays the log in tabular format containing **Serial Number**, **Folder Name** and **Total Items**:

Serial Number	Folder Name	Total Items
25	LogFiles	0
26	DBStore	0
27	All Mail	128
28	Drafts	4
29	Important	70
30	Sent Mail	37
31	Spam	22
32	Starred	5
33	Trash	6
34	07-10-2019 e01	0
35	07-10-2019 e01	0
36	07-11-2019 9e	0

2. **Normal view**- This view displays the log in text format containing starting time, file path, converted folder details and ending time of conversion process:

To view the log report, select **Log Report** from **View Ribbon** and select **HTML view** or **Normal view** tab as per your choice.

To save the log report:

- Select **Log Report** from **View Ribbon**
- Select **HTML view** or **Normal view** tab as per your choice.
- Click **Save Log** button to save log report.
- Enter file name and choose destination in **Save As** dialog box.
- Click **Save** button A message appears confirming the log report has been successfully saved at the destination path. Click **OK**.

Note: In **HTML view**, you can save **Log Report** in **.HTML** and **.txt** format. In **Normal view**, **Log Report** can be saved in **.txt** format only.

4. FAQs

1. What does the demo version of the software do?

In demo version of the software, you will be able to see subject and mail body, but cannot open attachments. To view / save all data and open attachments, you need to purchase and activate the software.

2. Can I convert a single mail into PST file?

No, you can only convert an entire folder in mailbox.

3. I want to save converted mails into an existing PST file. How can I do it?

Stellar Converter for Windows Live Mail gives you option to save converted mails into an existing or new PST file. For full details, please refer Save Converted Mailbox topic of this help manual.

4. Can I convert multiple Identity Folders simultaneously?

No, you can only select one Identity folder at a time for conversion.

5. What is the default location of Identity Folder on my Windows 7 system?

The default location of Identity Folder on Windows 7 system is -> C: \Users*User's name*\Appdata\Local\Microsoft\Windows Live Mail\...
